Commissioners Cited by Court on Petition of Upshur Street Residents.

The District Commissioners were cited today by Justice Bailey, of the District Supreme Court, to show cause, December 16, why they should not be enjoined from erecting a school building for tubercular pupils on the Upshur street tract, as planned. The order was issued on petition of

Charles E. Hunt, Sallie E. Shook, and Clarence I. Gessford, property owners in the section bounded by Upshur and Allison street, Arkansas, and Iowa avenues northwest. Plainiffs, repre sented by Attorneys Darr, Whiteford & Darr, declare the District Commissioners, in selecting the Upshur street acting without due authority, as there is no act of Congress dedicating land in the District for the use of a ing for tubercular pupils. Dear Fans: Mansfield's draw-

sents sad reality. Let our splendid family of bighearted folks see that, so far as we can help it, no case of this kind occurs on Christmas morn. Go out of your way to make cautious inquiry as to whether there is any poor family in which woman or child will miss those things which bring us joy. You'll find families of this sort, many of them too proud to let their situation be known. Then you'll find a

ing will touch us all, because it is

not merely sentimental. It repre-

way to cheer them, especially the little ones whose hearts will be broken if Santa Claus fails to make his accustomed visit. It may be that you will not personally come in contact with cases of this kind, but there are those who do know of them. The Associated Charities, 923 H street northwest, does know of hundreds of cases in Washington where women and children, the old and crippled, are sadly in need of all the help that can be given them. This great organization will furnish you with the name of a family, or it will accept your contributions

and apply the money as it thinks best. The organization can well use every penny contributed. No more need be said to the followers of this column. Their hearts are big and warm. Their pocketbooks may not be so full, but they'll find a way to see that no little one suffers as that little one in Mansfield's picture.
